Description

Overview

Audrey Rose is a beautiful example of a well kept motor yacht. She's a rugged cruiser with spacious interior and traditional flush deck styling. The Bertram MY was designed for those who place a premium on solid construction and exceptional sea keeping qualities. She was built on the same beamy deep-V hull used in the production of the Bertram 46 Convertible. Below a conventional inter layout includes a spacious salon with mid-level galley and dinette as well as two roomy staterooms. A tub/shower is fitted in the aft head compartment. The large aft deck provides an excellent entertainment platform with space for several pieces of deck furniture. This vessel is powered by twin GM 8v92s which cruise around 21 knots and reach a top speed of 24 knots.

It's always the right time to think about that NEW BOAT! Call our sales department today!

Additional Specs, Equipment and Information:
